

Product Code: CHOICE RSTAT1

Description: Dial Heating Thermostat

General Information

Dimensions (mm)	83 x 83 x 37
Colour	White
Sensor Type	Dual Mechanical Diaphragm
Materials	ABS
Warranty (Years)	3

Programming

Set Temperature Range (°C)	10 to 30
Temperature Differential (°C)	Approx. 4

Supply & Power

Maximum Switchable Voltage	230
----------------------------	-----

Environment

Ingress Protection	IP21
Operating Temperature (°C)	0 to +40

Additional Information Double Insulated Construction

Outputs

Output Relay Resistive Load Rating (A)	10
Output Relay Inductive Load Rating (A)	3
Output Type	Volt Free SPDT (Heating and Cooling Load)

Features

- Dual Diaphragm Temperature Sensing Element
- Suitable for Surface or Pattress Box Mounting
- 10 to 30°C Set Point Range
- 10 Amp Current Rating
- Double Insulated
- 2 Wire Installation
