

## **Technical Specification**

**Product Code: ECSPVS** 

**Description:** Smart Vibration Sensor

| General Information |  |               |  |
|---------------------|--|---------------|--|
| Dimensions (mm)     |  | 60 x 39 x 17  |  |
| Mounting            |  | Surface       |  |
| Sensitivity         |  | 300Hz to 3KHz |  |
| Weight (Kg)         |  | 0.03          |  |
| Warranty (Years)    |  | 1             |  |
| Construction        |  |               |  |
| Materials           | ABS  |               |  |
| Finish White        |  |               |  |
| Mounting Surface    |  | 9             |  |
| Programming         |  |               |  |
| ,                   | Normal Sensor/24h mode/Delay mode/<br>Home mode/24h mute sensor/Home<br>delay mode |               |  |

| Supply & Power                  |                         |  |  |
|---------------------------------|-------------------------|--|--|
| Operating Voltage (V DC)        | 3                       |  |  |
| Power Consumption (A)           | 0.015                   |  |  |
| Power Reserve                   | 12 Months (Approx.)     |  |  |
| Battery Type                    | CR2450                  |  |  |
| Transmission                    |                         |  |  |
| Transmission Frequency (M       | <b>Hz)</b> 433          |  |  |
| Transmission Distance           | (m) 80 (open field)     |  |  |
| Environment                     |                         |  |  |
| Operating Temperature (°C       | C) -10 to 55            |  |  |
| Relative Humidity Resistance (9 | %) <80 (non-condensing) |  |  |
|                                 |                         |  |  |

Supplied Fort Vibration Sensor, 1 x CR2450 Battery, Mounting Screws & Wall plugs, User Guide

ECSPBST: Smart Alarm Booster
